[Docket No. AB-1 (Sub-No. 258X)]

Chicago and North Western Railway Company—Abandonment Exemption—in Dane County, WI

Chicago and North Western Railway Company (C&NW) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon approximately 2,100 feet of its line of railroad known as the Central Soya Spur extending from milepost 89.9 to a point 1,320 feet west of McKee Road near Madison, in Dane County, WI.¹

C&NW has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic on the line; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (service of environmental report on agencies), 49 CFR 1105.8 (service of historic report on State Historic Preservation Officer), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (service of verified notice on governmental agencies) have been met.

As a condition to use of this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on May 18, 1995, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,²

¹ C&NW states that the involved line segment is an unused industrial spur and that the track was formerly part of a longer C&NW line. It cites *The Atchison, Topeka and Santa Fe Railway Company—Abandonment Exemption—In Lyon County, KS*, Docket No. AB-52 (Sub-No. 71X) (ICC served June 17, 1991) for the proposition that Commission approval is required for abandonment of the track because of its prior main line status.

² A stay will be issued routinely by the Commission in those proceedings where an informed decision on environmental issues (whether raised by a party or by the Commission's Section of Environmental Analysis in its independent investigation) cannot be made prior to the effective date of the notice of exemption.
